## Big Armistice Celebration Set Here Thursday

What is expected to be the largest patriotic demonstration in the history of Oak Ridge will be presented Thursday night in the first big Armistice Day celebration held in the city. Civic groups of all types will join veterans' organizations in observing the anniversary of the end of hostilities in World War I and pay tribute to the victims of all conflicts, according to Charles E. Boone, commander of Atomic City Post No. 199, American Legion, sponsors of the celebration.

### Parade, Dance Are Features

High spots of the Armistice Day program will be a huge parade starting at 7 o'clock Thursday night and an Armistice Ball at Oak Terrace, formerly Grove Recreation Hall, at 9 o'clock. The parade is being held at night to allow the greatest possible participation, according to Commander Boone.

E. J. Mudd is general chairman of the Legion post Armistice Day observance committee and Paul Pennington, Y-12 employee, is chairman of the parade committee. Charles Ryan, Jr., will be parade marshal.

Four bands, National Guard units and uniformed firemen, policemen, a detachment of the AEC Patrol and another of plant guards will provide the martial touch to the parade. Several floats also will participate in the procession and numerous veterans' organizations will be in line.

Bands from the Oak Ridge High School, the Jefferson Junior High School, Clinton High School and the Oak Ridge Municipal Band sponsored by the Atomic City Post will play during the parade. The National Guard units will be the 194th Engineer Combat Battalion, of Oak Ridge, commanded by Maj. William T. Sergeant; and the Clinton unit.

Veterans of Oak Ridge will march as a unit with colors of the different organizations being massed during the parade. Legion posts from Clinton, Norris, Lake City, Oliver Springs, Kingston and Lenoir City will send delegations to march in the parade.

The procession will form on Tyler Road back of the Oak Ridge Hospital and proceed from there to Tennessee Ave., to Georgia Ave., to Broadway and back to point of origin to disband. The bands will leave the parade as it passes Jackson Square on Broadway and will mass in the parking lot below the high school to play the Star Spangled Banner.

### To Pick "Miss Oak Ridge"

As a climax to the celebration and following the parade will be the Armistice Ball. Dick Jones' orchestra will provide dance music and a feature of the affair will be the selection of "Miss Oak Ridge." Leading residents of Oak Ridge have been invited to act as judges of the contest.

### DR. LIND TO SPEAK

Dr. Samuel C. Lind, technical consultant for Carbide and Carbon Chemicals Corporation and also president emeritus of the University of Minnesota, will address the East Tennessee Section of the American Chemical Society Friday night, November 12. The meeting will be held at 8 p.m. at Dabney Hall, University of Tennessee in Knoxville. The business meeting and address will be preceded by a dinner at 6:45 p.m. at the S. & W. Cafeteria.

Y-12 Photos By Vince Moore

THE SAFETY COMMITTEE OF DEPT. B13L, WHICH HAD an accident-free period of 1,493 days through last Thursday, is shown above. From left to right are H. R. Gwinn, Mary K. Mattingly, Katherine A. Sells, Chairman H. O. Finley demonstrating the proper method of pouring a certain type of liquid from one container to another; Frances O. Ware, William Garland and Betty M. Ellison.

## Assay Laboratory Has Splendid Accident-Free Record In Plant

One of the finest safety records in Y-12 is possessed by Dept. B13L, Assay Laboratory, which through last Thursday had performed its work for 1,493 days without a lost time accident. Roger F. Hibbs is supervisor of the department, which now has a personnel of about 75 employees.

Dept. B13L was formed in Y-12 on October 1, 1944, and the accident-free record started from that date.

The Dept. B13L safety program that has enabled the department to establish its enviable mark now is administered by a safety committee of seven members. Membership on the committee is rotating, with each member serving three months.

H. O. Finley is present chairman of the committee and other members include H. R. Gwinn, Mary Mattingly, Katherine A. Sell, Frances Ware, William Garland and Betty M. Ellison.

Ralph Watson, Y-12 employee in Dept. B12C, has been appointed as a member of the Anderson County local board for Selective Service. Edward J. Glennon, Jr., of K-25, also is a member of the board.

### Must Not Share "Know-How"

These persons are Bernard Baruch, Lieut. Gen. Leslie R. Groves, former Manhattan District commander and now retired; and Warren Austin, United States representative with the United Nations. They agree that the failure of establishing international control is due to the obstructing tactics of a few aggressor nations. All three also are unanimous in agreeing that it would be disastrous for the United States to destroy its stockpile of atomic bombs or to share its "know-how" until such international controls are effected, including international inspection. This is also believed to be the attitude of the majority of the American people.

Most Americans may find it difficult to understand the diplomatic maneuvers on this subject and few thoroughly understand the mysteries of atomic energy. However, nearly all know enough about world affairs to be certain that some nations cannot be trusted and that

(Continued on Page 2)

## Carbide Camera Club Will Hold Slide Contest And Nominate Officers For Coming Year Tonight

The Carbide Camera Club will nominate officers for the coming year and hold a color slide contest on the subject of flowers at its regular monthly meeting at 7:30 o'clock Tuesday night in club headquarters at the Y-12 East Portal Building.

Virgil Haynes, program chairman of the club, has announced that more than 20 slides of fine

quality have been entered in the contest and that competition should be keen. Judge of the event will be G. N. Lindblom, of Fairfield. Merchandise prizes are awarded the winners in the contest.

Ed Witt, Y-12 member of the club, will read an Eastman Kodak Co. paper on color photography to

## Cooperation Throughout Y-12 Pays Dividends In Accident Prevention; Supervisors Responsible For Safety

Cooperation by direct supervision throughout Y-12 with safety committees and control groups set up to assist them in accident prevention is paying dividends in that lost-time accidents in the plant have been conspicuous by their absence for many weeks. Also the

### See Picture Story Of Safety On Page 3

minor injury record in the plant showed a marked improvement during October.

The Y-12 plant safety program provides that the direct supervisor is responsible for the safety of his employees and that the supervisor see that the employees do their work according to established safety standards.

### Several Groups Help Carry Out Safety Program

To assist Supervision in carrying out provisions of the safety program are the Safety Department, Medical Department, Fire Department, Special Hazards Group, Maintenance Division Inspecting and Testing Groups, a Central Safety Committee, divisional safety committees and safety sub-committees in each department. Each of these groups has a specific role to play in the overall Y-12 effort to hold accidents to a minimum.

The Safety Department in Y-12 assists Line Supervision by keeping the supervisors informed on accident prevention methods. The department also cooperates fully with the supervisors and the plant safety committees in rendering staff assistance to Supervision on safety matters in the plant. It also keeps Management informed of the overall accident prevention program throughout Y-12.

### Safety Department Gives Advice On Program

The duties of the Safety Department are accomplished by keeping in touch with new developments and supplying advice on all phases of safety problems. It initiates, compiles and codes safety rules and

regulations. The Safety Department makes recommendations to Supervision for improvements in accident prevention as illustrated in the lower right hand corner of the layout of pictures on Page Three which shows Joyce Barker, Assistant Y-12 Superintendent Doug Lavers, Clyde Bowles, Safety Engineer Lee Bagwell, and George Mitchell at an Engineering Safety Division safety meeting. These conferences are held monthly.

The Safety Department also acts as a liaison between all departmental safety committees. One of these committees is pictured at the top of Page Three. It is the Dept. B12H Safety Committee, which includes, from left to right, Evan Galloway, Calvin Robinson, Alvie Bollinger, Calvin Hembree, Eugene Everhart, Orion Lee, Odra Archer, Elmer Duisen, John Redeffier, Charles Windon, Arnold Stephens, Walter Kennedy, James Green, Oat Webb and John Moody. Committee Chairman W. C. Walker is shown standing behind the group.

Laney Hamill, Dept. A13T, is shown receiving advice in driving from Sam Sullins, of the Safety Department, in another Page Three picture. Hamill is taking an examination for a motor vehicle permit for area operation. Safe operation of the many types of motor vehicles in Y-12 is one of the high spots of the plant safety program.

Inspections Are Required

Sufficient spot-checks and inspections are required of safety committees and sub-committees to maintain equipment and materials in safe condition and to see that employees carry out their work assignment in safe working conditions and in a safe manner. An example of such an inspection is illustrated on Page Three in the center right picture which shows an electrical inspection being made by Frank Darby, Henry Everman and Charles Harpe, from left to right, of Dept. A14N.

Accident statistics are compiled by the safety committees and checks are made on safety features of new designs and alterations to plant facilities as shown on Page Three in the lower left hand corner in a Safety Department meeting. From left to right shows Chief Safety Engineer Cliff Henderson,

(Continued on Page 2)

Second place in the Minor League was won by Dept. A14J, Fire Dept., with an absentee report of .37 per cent. Dept. M12S, Steam Plant, was behind the second place holders by only .07 per cent. Its report of .44 per cent absent earned it the third place

round out the program. Present officers of the club are Foster F. Calloway, of Y-12, president; Paul Vanstrum, of K-25, vice-president; Don Ross, of Y-12, secretary-treasurer; and Haynes. Following the nominations Tuesday night, the club will hold its annual election at the December meeting, set for Tuesday night, December 14.

## Chorus Gives First Concert Friday Night

A program of light concert and sacred numbers will be presented by the Oak Ridge Community Chorus in its first concert of the season at 8:15 o'clock Friday night, November 12, at the high school auditorium.

Two groups of Negro spirituals, including Fred Waring's arrangement of the old favorite "Dry Bones," will be included in the program.

The concert Friday night will mark the first appearance of Riley Barret, new conductor, as head of the Oak Ridge singing group. The concert also will inaugurate the fifth season of the chorus and its second under auspices of the Oak Ridge Civic Music Association.

The association will sell single tickets to the concert at the box office Friday night. Admission will be \$1 and association members holding season tickets may use them for the affair.

Following the concert Friday night the Community Chorus will resume rehearsals next Tuesday night, November 16, in Room No. 32 of the Jefferson Junior High School. Cordial invitations have been issued to all Y-12 employees who wish to join the group to report at this rehearsal session. Director Barret has declared that more tenor and bass singers are especially needed to round out the group.

## Refining Dept. Tops Report In Major League Attendance

(Continued From Page 1)  
standing in the league.

The complete record of Y-12 absenteeism for the week ending October 31 by departments follows:

MAJOR LEAGUE More than 50 Employees Scheduled				
Dept.	Percentage Absent	10-31-48	10-24-48	Standing
B12H	0.9	1	2	2
A12G	1.2	2	1	1
A20N	1.3	3	12	12
M12P	1.6	4	6	6
H12L	1.8	5	3	3
A13N	2.3	7	4	4
A12S	2.49	8	5	5
A17N	2.54	9	9	9
A16N	3.1	10	13	13
B13L	3.5	11	7	7
A14N	4.1	12	8	8
B12C	4.26	13	15	15
A12M	4.27	14	11	11
H12E	4.7	15	14	14
H12D	5.2	16	16	16

Group absentee percentage was 2.5 per cent, remaining the same as the preceding week.

MINOR LEAGUE 15-49 Employees Scheduled				
Dept.	Percentage Absent	10-31-48	10-24-48	Standing
A13S	0.0	1	1	1
A12T	0.0	1	1	1
A12L	0.0	1	1	1
A21N	0.0	1	9	9
A14J	0.37	2	2	2
M12S	0.44	3	3	3
M12M	1.1	4	8	8
A13T	1.8	5	1	1
A12W	1.86	6	6	6
B12A	1.87	7	1	1
A12D	2.1	8	5	5
A12N	2.5	9	11	11
M13P	3.77	10	4	4
A12A	3.80	11	12	12
A15N	4.2	12	7	7
A12R	4.7	13	10	10
A19N	6.3	14	13	13
A12P	9.2	15	15	15
A13W	9.4	16	14	14

Group absentee percentage was 2.6 per cent, .2 per cent higher than the preceding week.

The plant average for the week ending October 31 was 2.5 per cent, the same as the preceding week.

## HUMIDITY CONTROL SET

The desired humidity level is maintained in one of the compartments of a newly-patented electric refrigerator by circulating through it air that has excess moisture frozen out in a colder part of the machine.

OAK RIDGE COMMUNITY CHORUS REHEARSES FOR first concert of the season in the pictures above. At left is Riley Barret, conductor, while at the right is the chorus membership. Fourth, fifth and sixth from the right on the second row are

Y-12 Photos By Vince Moore  
Joseph Edwin Lee, John Redman and Phyllis M. Brown, all Y-12 employees. Georgia Moore, another Y-12 member of the singing group, was not present when the picture was made.

## Strictly Confidential..

Mozelle Kennedy, Dept. A12L, and her husband, John, of Dept. A15N, returned recently after vacationing with Mozelle's parents in Wichita Falls, Texas. . . Vacation time found Dolores Browder and her husband, Frank, taking in the sights of New York City.

Chief M. H. Bradford of Guard Dept. A12G, is back on the job after basking in the Florida sun at Miami Beach. While there he attended the American Legion convention. . . George McPherson spent the past week end in Gatlinburg. . . N. C. Brock attended the Georgia Tech and University of Tennessee football game in Atlanta over the week end.

Jodie Brown, Dept. A12D, was on vacation last week.

Walter Cameron, Dept. B12C, and his wife returned recently after vacationing with friends in Bloomington, Ill. . . Lee Pruitt is back on the job after a restful vacation at his home. . . W. L. McGhee very proudly announces the birth of an eight-pound baby son to the McGhee family, born October 22. . . Chester Moses and his family made a week-end trip to the Smoky Mountains. . . Harvey Saylor and his family spent a recent Sunday outing in the Smokies.

Dept. A16J welcomes Elizabeth Johnson back to work after a brief illness.

Wayne Ross, Dept. H12L, has returned to work after a trip to Houston, Texas. . . Leo Caldwell had as recent week-end guest his mother, Mrs. A. R. Caldwell, of Big Creek, Miss. . . The department welcomes Dr. J. W. Heilholtz and Oliver Yonts back on the job after being ill.

Carolyn Kirk, Dept. A12S, had as guest over the week end her sister, Mildred Kirk, and a friend, Betty Jo Reynolds, of Morristown. Friday night the girls were among the football fans at the Morristown and Knoxville High School game. . . Polly Arnold, her husband and some friends spent a recent Sunday outing at Sunshine near Maryville, Tenn.

Mary Nell Rawson, Dept. B12L, is ill in the Fort Sanders Hospital in Knoxville. . . Aline Carpenter also is on the sick list. . . Andy Skritnansky is back on the job after an illness. . . Martha May and her husband made a week-end trip to Gatlinburg.

Dept. A13W is glad to see Sue Wilson back on the job after being ill.

H. M. Payne, Dept. A12W, spent a recent week end in Nashville. . . E. O. McPheeters traveled to Cleveland, Tenn., during his vacation.

George Nessel, Dept. H12D, and his wife attended the wedding of Herbert Belknap, former Y-12er, who is now working in Edwards, Miss., and Miss Marjorie Couch, of Texas, who formerly was with the Oak Ridge schools. The couple was married at 9 a.m. November 2, at the home of the Rev. C. T. Miller, 312 Delaware Ave., in Oak Ridge. Following the ceremony there was a reception at the home of the Nesses on 144 East Vance Road in Oak Ridge. Other Y-12 employees attending the wedding were Warren Grimes and John D. Redman, both of Dept. H12D. . . A speedy recovery wish is extended to R. H. Pletz, who is on the

sick list.

H. B. Bainbridge, Dept. B12H, returned recently from his vacation spent touring the states of Massachusetts and New York.

J. H. Gooch, Dept. A12N, spent his vacation in Kentucky. . . W. T. McNamara is spending a week working around his home in Knoxville. . . F. W. Gallaher is also on vacation this week.

Christine Sparkman made a week-end trip visit with her parents in Sparta, Tenn.

Mr. and Mrs. W. T. Hays, Mr. and Mrs. T. A. McKenzie, Mr. and Mrs. W. E. Davis and Mr. and Mrs. Russell Chatham, all of Y-12 joined Mr. and Mrs. James Wright, of Knoxville, and Mr. and Mrs. John McDonald and son, Irby, and Mr. Auburn Wright and son, Sammy, of North Carolina, for a party at the University of Tennessee and North Carolina football game in Knoxville, October 30. After the game the party gathered at the home of T. A. McKenzie for a hamburger fry. Other Y-12 employees who attended the game were Charlotte Wynn, Oral Burnett and G. B. Lockhart, all of Dept. A12N; John Price, Dept. A12L, and his wife, Hazel, of Dept. B13L; Robert Cantrell, Dept. A12L; Joe White, Dept. A12L, and his wife.

## Atom Control Speeches Stress Need For Security In Y-12

(Continued From Page 1)  
diplomatic "horse trading" is necessary.

Therefore the United States must protect its "know-how" until the trade is made. The result of the failure to establish adequate international controls is the world living in fear of the danger of war and atomic destruction. Also it is retarding peaceful uses of atomic energy that could so greatly benefit all the world.

In order that atomic energy could be used for purposes other than war the Baruch Plan for control was submitted and was adopted by all but a few nations. These few nations have forced the United States to continue the manufacture of atomic weapons and to make every effort to be sure that the secrets of this manufacture do not leak out. Baruch sums up the situation with the statement, "Our task is to strike a wise balance between peaceful and military development—the same balance needed all through life."

Two births were reported to Y-12 families at the Oak Ridge Hospital last week. Parents were Mr. and Mrs. George P. Schaefer, a girl, October 29; Mr. and Mrs. Lewis Childs, a boy, November 3.

It's easy to identify the owner of the automobile. He's the one who, after you pull the door shut, always opens it again and slams it harder.

## White Wing Entrance Will Remain Open

The White Wing entrance to the Oak Ridge area will continue in use for the convenience of Y-12 employees and others residing in Lenoir City, Loudon, Sweetwater and other communities served by the gate, it has been announced by the Atomic Energy Commission. The AEC originally planned to close the White Wing gate when the town of Oak Ridge is opened to the public about the first of the year. However, the commission has announced that an extensive study has indicated that retention of the gate is justified.

Approximately 650 employees in Oak Ridge regularly use the White Wing gate in traveling to and from work, the AEC said, and closing of this entrance would increase mileage approximately 8.5 miles for these persons.

Under the proposed open town program announced by the AEC, the Oliver Springs, Elza, Edgemore and Solway entrances to the area will be opened to the general public. Entrance through the Gallaher, Blair and White Wing gates will be limited to employees and other persons on legitimate business and these entrances will be in the new restricted area when Oak Ridge is opened to the public.

## LOVE - ROBINSON

Miss Mary Ruth Robinson, of Lexington, Ky., became the bride of James Robert Love, a Y-12 employee in Dept. H12L, at the Fifth Avenue Baptist Church in Knoxville at 7:30 p. m., October 14.

The bride is the daughter of Mr. and Mrs. Roscoe Robinson, of Lexington. Love is the son of Mrs. J. L. Love, of Etowah, Tenn., and the late Mr. Love.

At her wedding the bride wore a gray suit with black accessories.

Mrs. Earl Jett, of Knoxville, was matron of honor. Virgil L. Dykes, of Detroit, Mich., was best man.

The couple is living at 142 Salem Road, in Oak Ridge.

## Cooperation In Y-12 Holds Accidents Down

(Continued from Page 1)  
Ernest Bentley, Clarence Johnson, Lee Bagwell, Paul Ziemke, Molly Hatfield and Sam Sullins.

**Safety Consciousness Maintained**  
Safety consciousness is constantly maintained through safety publicity as illustrated on Page Three by Virginia Bowers and Margaret Poore, both of Dept. H12D, by wearing safety goggles before entering a room with a safety poster on the door issuing a warning to wear this equipment while working in that particular area.

The center picture on the Safety Page shows I. N. Daniel, Dept. A13T, gazing at a safety poster typical of the many publicized accident prevention posters displayed on bulletin boards throughout the plant.

A typical department safety inspection is shown in the upper left hand picture on Page Three. The picture shows an inspection of proper equipment being used by chemists and glass blowers in Dept. H12D. Pictured from left to right are Bill Hoover, chemist; E. J. Greeley, glassblower; Forrest Seeley, chemist, and Thelma Gross-close, analyst.

## Medical In Important Role

The Y-12 Medical Department plays an important role in contributing to the success of the plant safety program. The department makes sure by pre-employment physical examination that new employees are not assigned to work for which they are not fitted, temperamentally and physically. This precaution protects all employees. Periodic physical examinations safeguards the health of employees and special examinations are given when transfers are made to be sure the employee is physically fit for new duties assigned. In industrial hygiene work the department performs a liaison between its own members and technical groups in the plant and surveys working conditions for the standpoint of health hazards.

The Fire Department's part in the safety program includes placing fire extinguishers at strategic points and making periodic inspections to forestall creation of any hazards that might cause a fire or accident. The Special Hazards Group in turn makes inspections and recommendations that will best provide safe working conditions. Finally the Maintenance Division Inspecting and Testing Group provides inspectors for fire prevention equipment and also inspects fixed and mobile pressure vessels, cranes and hoisting equipment and other equipment to insure maximum safety for employees. Automotive equipment also is inspected by this group with the objective of keeping it in safe operating condition.

## Hospital List

The following Y-12 employees were patients at the Oak Ridge Hospital last week. George W. McCarty, Dept. A12G; Charles F. Hol-loway, Dept. A12W; Cecil G. Hubbard, Dept. A17N; William L. Allen, Dept. H12L; John R. Joslin, Dept. A15N; Rudolph H. Pletz, Dept. H12D; Joyce O. Wendol-kowski, Dept. A15N.

## Termites Top D League On Win Over Strikers

The Termites edged the Strikers and Pinbusters out of the D League last week with a 21 won and 11 lost record. The Termites blanked the Strikers for four points to give them the lead in the plant bowling loop.

The Pinbusters topped the Old Men for three points while dropping one to take second place in the league. The Strikers followed the Pinbusters in third place as a result of their shutout by the Termites.

### Scotties And Overheads Win

The Scotties won three from the Woodchoppers, and the Overheads topped the Splinters for three points in other league games.

The Termites captured three of the four high honors awarded last week in the team scratch series, scratch single, and series handicap classes. The Overheads were high in the team single handicap class with 1,025 pins.

## Third Annual Turtle Derby By Lions Set Saturday

The third annual Turtle Derby sponsored by the Oak Ridge Lions Club will be held at 7:30 p. m. Saturday, November 13, at the Jefferson Junior High School gymnasium.

The event will feature 10 firm-sponsored turtles in 10 races. The winning turtle in each race will have \$10 awarded to its sponsor. The 10 winning turtles will be entered in the 11th race which is the derby. The winner of this event will receive \$25.

Mike Brown is chairman of the show and all proceeds will go to the sight conservation program of the Lions Club.

## Bird Dog Field Trial Event Slated For November 20-21

The Oak Ridge Kennel Club and the Oak Ridge Sportsmen's Association will sponsor an amateur field trial exhibition for bird dogs on Saturday and Sunday, November 20-21 at the grounds of the Sportsmen's Association.

The judge for the event will be Milton Campbell, of Chattanooga. There will be a class for dogs of all ages and one class for beginners. Trophies will be awarded to the dogs adjudged as winners in these two classes. Prizes will be given to all brace winners of the event.

All entries must be in by November 18. Y-12ers may turn in their entry to J. W. Ebert, Dept. B12C, at phone 7175. Ebert is president of the Oak Ridge Kennel Club. Ed Tirpak, of ORNL, is chairman of the exhibition.

Richard Jordan Gatling received a patent for his rapid firing gun on November 4, 1862.

## S P O R T S

## Rippers Gain Lead In B Bowling Loop

The Rippers bopped the Woodpeckers off the top perch in the B League last Thursday night by taking three of the four points in the series and replaced the former league leaders in the No. 1 slot.

The All Stars dropped from second place to third as a result of a three point shellacking dealt them by the Wolves. Maintenance captured four straight from the Mules. There were three split series in the night's play. They include the Comets and Cubs, Bums and A12M, and the Head Pins and One-91.

Austin, of the Wolves, scored high series handicap with 645, and Sise, of the Wolves topped the singles class with 243. The Wolves won the team high series handicap with 2,939 pins. The Comets topped the single game class with 1,021.

## Badminton Teams Organize For Y-12 City League Play

Practice periods have been set for the Y-12 badminton teams which now are being organized by the Y-12 Recreation Department. A call has been issued by Arnold Tiller, Recreation Supervisor of Y-12, for players to come out for the plant team.

Teams will be organized for both men and women. Those interested in joining the teams should call Mal Wallis at phone 7681 or Arnold Tiller at 7-8252.

A practice session will be held Sunday, November 14 from 3 to 6 p. m. at the Jefferson Junior High School gymnasium. The second practice will take place at the same place and on Thursdays from 7 to 11 p. m. These semi-weekly sessions will be held regularly until the league play begins.

Volley ball practice will be held each Monday at the Glenwood School gymnasium at 7 p. m.

## Election And Rain Hampers Plant Tag Football Games

A combination of rain and voting caused a postponement of tag football play in the plant league last week. The Bums are in the lead for the second half of the season play.

The Oilers were scheduled to engage the Bums last night. A victory here for the Bums would mean one game to be played for the league championship. A win for the Oilers would result in a play-off for second half winner and then a league championship game would take place.

## Knucklebusters Post High Scores; Hold Top

The only change in the C Bowling League standing last week came in the second place position. Bldg. 9206 moved into a second place tie with the Moles after the latter toppled the Materializers for three points to move them down the ladder from their second place standing occupied last week.

The League leading Knucklebusters continued their reign with a shutout over the Hooks. Bldg. 9206 moved into their position with a clean sweep over the Guards. The Thin Pins dropped the Orphans lower in the cellar with three points won from the losers.

League high scores for the season were established last Tuesday night by the Knucklebusters, who won the team high handicap series with 3,015 pins and a tie for season high in the team high handicap single class with 1,023 pins.

## Women Varsity Bowlers Take Two Points From Sure Shots

The Y-12 varsity keglerettes won two points from the Sure Shots last week and are set to play Roane-Anderson in this Thursday night's play. The plant team is tied for eighth place in the Oak Ridge league with the Knoxville Blue Print club.

Evelyn Jago accomplished the very difficult double pinocle split, pins 4, 7, 6, and 10, for Y-12 in one of her games. She scored a total of 389 pins in the series.

Y-12 team members and their series scores follows: Inez Reece 409, Daisy Ward 402, Oleyne Poinexter 384, and Margaret O'Neil 340.

## Y-12 Bowlers Win Over R-A; Hold Second Place In Race

The Y-12 varsity bowling team won four straight points from the Roane-Anderson keglers last week in the city bowling play to move up the standing into a third place tie with the former league leaders, Marot Jewelers.

Allards are now in the league lead with a 25 won and 7 lost standing. Y-12 has a 21 and 11 standing. The Y-12ers amassed 2,534 pins in the three-game series to 2,380 for the losers.

Y-12 team members and their total series scores follow: Cobble 539, ZaBenco 510, Tibbatts 534, Duncan 507, and Nemo 444.

Team	W	L	Team	W	L
Allards	25	7	Clinch	14	18
K-25	23	9	R-A	13	19
Y-12	21	11	ORNL	13	19
Marot	21	11	S & B	12	20
Addr'ograph	20	12	Grocers	12	20
Monroe	14	18	Fairchild	4	28

Rutgers beat Princeton six goals to four in the first intercollegiate rugby football game in the United States on November 6, 1869.

## Women Cagers Continue Drills, Turnouts Good

Coach Bill Davis, of the Y-12 women's basketball team, was well pleased with the turnout for the two practice sessions held last week. More than a dozen lassies reported and general scrimmages were held.

No positions for the team have been filled. Davis adds that girls coming out for practice now have just as good a chance for making the team now as they would have earlier in the season.

Practice sessions will be held semi-weekly until the league play begins in December. Tonight's session will be held at the Fairview school gymnasium at 7:30 p. m. Tomorrow night's practice is slated for Glenwood school gymnasium at 7:30 p. m.

## Varsity Cuemen Beat K-25 To Top Billiard League

The Y-12 varsity cuemen soared to new heights in the Oak Ridge Pocket Billiard League play last week by scalping the K-25 pocket boys in four of the five games played and winning the single point for high total score.

This lopsided victory places the Y-12 team at the top of the four-team league, comprised of Y-12, X-10, K-25 and Roane-Anderson, which follow the league leaders in that order.

Red Wiest amassed his winning 75 points while his opponent, Linville, netted only 30 points. W. B. Motley won over Carter, of Roane-Anderson, 75 to 27. Y-12's H. Burnett tapped Peck on a 75 to 37 score, while Jack Remine won his match for Y-12 on a forfeit. Bill Walker was the losing point cueman for Y-12. He dropped his game to Rassler, 45 to 75.

Y-12 has a standing of 13 won and five lost in the league. The plant team was scheduled to meet X-10 last Sunday night. The next match on the slate will be Monday night, November 15, at 7:15 o'clock at the Cue and Cushion in Middletown.

A woman's best asset is a man's imagination.

## Standings In Plant Bowling Leagues

B LEAGUE					
Team	W	L	Team	W	L
Rippers	26	10	Mules	17	19

Team	W	L	Team	W	L
Hi Balls	7	2	Wholly Rollers	5	4
Pick Ups	6	3	Dodgers	2	7
Comptrollers	6	3	Kemps	1	8

## Hi Balls Overcome Dodgers To Lead Women's Pin Loop

The Hi Balls moved up the standing in the W League as a result of last Thursday night's play in the Women's Plant Bowling League. They are now occupying first place in the league after taking three points from the Dodgers.

The Beta Pick-Ups ran over the Kemps for three points and the Wholly Rollers took two away from the Comptrollers.

## Jim Crows Pluck Pickers In H12L Bowling League

The Cherry Pickers remained in the H12L League lead with five points to spare after a shut-out handed them by the Jim Crows. The Crows are in last place, yet handed the leaders their four-point loss.

The Apple Knockers topped the Beetle Baums for three points in the other league game. The Beetle Baums won both high scratch and handicap games with 676 and 969 respectively.

THE GOBLINS AND WITCHES HAD THEIR ANNUAL field day in Halloween parties enjoyed by Y-12 employees. Picture at the left shows members of the Isotope Physics Group greeting "Miss Witch" in an October 30 party. Standing from left are Dockie Smith, Harold Walchli, Harry Bronstein, Henry Morgan, Sam Adams, G. W. Keilholtz, J. R. McNally, George Stukenbroeker, Paul Griffin, Oliver Yents and Ray Hill. Seated are Bill Brundage, George Werner, Supervisor L. E. Burkhardt, Bill Peed, Al Southern and Charles Sterett. High jinks in costume was the order at the Dept. H12E party at the home of Dr. R. S. Livingston, 105 Ontario Lane, the same night. Some of the characters shown are Emerson Kelly in the Satanic garb; Mrs. Betty Hammel in mask and dressed as a mountain climber; Mrs. Emerson Kelly as a witch; Frank Gordon in the pumpkin head; Jay Hammel with the pipe and goatee, also clad as a mountain climber; Ray Murray, the hilarious Scot; and Ila Mae Murray at extreme right, masquerading as a cigarette. In the background can be seen Don and Martha Ross as a couple of mops; and Phil Reuff jauntily wearing the conical hat. At the right are merry-makers attending a combination Halloween and birthday party Friday night, October 29, at the home of Paul Dunn, 125 Tyson Road. The birthday was being observed by Bill Rathkamp. Seated on couch are Mrs. Henry Gibson, Mrs. George Banic, Jo Goodson and Fred Kappelman. Mrs. Forrest Duncan is seated in the chair and standing are Mrs. Paul Dunn, George Banic, Mrs. Bill Brundage, Joe Patton, Freeman Waddell, Jean Doran, Bill Brundage, Mrs. Joe Patton, Leo Chelius, Mrs. Leo Chelius, Paul Dunn, Forrest Duncan, Bill Rathkamp and Marjorie Saye. Most of the guests were from Dept. H12L.
